Welcome to our first family newsletter! Following feedback at the family forum, we want to increase the opportunities we have to share the great things that are happening every day at ACE Tiverton. This week has been feedback week, our student forum met today, and we gathered their views on communication across the school. We intend to develop our newsletter into a student led activity that is written and produced by the Student Forum on a regular basis. It's fantastic to hear and see students share their views and opinions about their school experience as well as coming up with some really creative suggestions and solutions for things they find tricky. We share the student forum minutes with staff so teachers, TAs and the Pastoral Team can work alongside students to improve aspects of our daily routines. Communication is central to ensuring everyone has the best possible experience so please don't hesitate to get in touch and let us know your views, contact details for the school office are above and your child's Learning Family Leader is also a good point of contact too.

As advance notice, we are hoping to celebrate the end of the year together with an outdoor Family Carnival on Friday 23rd July from 11am until 1pm, more details to follow!

As always, thank you for your continued support and have a lovely weekend.
Please take care, stay safe and stay alert.

We use the New Economics Foundation (NEF) definition of wellbeing, which emphasises the importance of 'personal development' aspects of wellbeing over 'life satisfaction' and relate this to physical health (NEF,2012). In other words, our courses are designed to help children to:

- feel more positive about themselves
- be more resilient to cope with other problems in their lives
- have great self-esteem and self-worth
- improve 'social wellbeing' – the ability to make friends and form social relationships, and
- improve their vitality – fitness, risk taking and passion for life.

Support in School

Balloons is a charity that provides support for children, young people and their families before an expected death, or following the death, of someone significant in their lives.

During this half term our students have been wonderful at supporting Theo with his Therapy training. This is Theo developing his deep therapy training. Deep therapy helps students to regulate their emotions and feelings. During the sessions some students also worked on their reading skills by reading for Theo or took the opportunity to groom him. We are so proud of our students and Theo.
